The river has risen several feet here, but telegraphic receipts from Rio Grande City say it is falling there.

S. W. Pipkin, the veteran farmer from Pipkinville, was in town today, wearing a broad smile on account of that glorious rain.

Farmer Pipkin informs THE HERALD that the strong wind which accompanied the rain yesterday blew down a fine lot of corn for him. The corn was several feet high and just ready to tassell.

Lawyer Mason this morning had a narrow escape from being stung by a long centipede. He was just about to put his hand on a post on the sidewalk in front of the HERALD office, when he discovered the centipede just on the spot where his hand would have fallen. The insect was doubtless driven out by yesterday's rain. Mr. Mason soon sent him to the place where centipedes never sting.

A PRETTY WEDDING.

Written for THE HERALD.

Sauz, May 5.—A pretty wedding was celebrated here at eight o'clock this evening at the residence of E. B. Raymond. The bride was Miss Tomasita Rodriguez, daughter of Don Jose M. Rodriguez, of the ranch Ricon de Olmas. The groom was Mr. J. Frank Kimball formerly well known as superintendent of telegraph construction; and at present manager of the Western Union telegraph company at the Sauz. The ceremony was performed by Rev. Father Eugene Chevrier of Brownsville. A reception followed at the residence of Mr. and Mrs. E. B. Raymond, the latter being a sister of the bride; only the bridal party and a few intimate friends being present.

The bride was tastefully attired in a gown of cream satin, trimmed with point lace, with long tulle veil.

Miss Dora Kimball, sister of the groom, and Miss Maria Rodriguez served as bridesmaids, the groomsmen being Messrs. E. B. Raymond and S. J. Ross.

It was the social event of the season.

Misses Dora and Nellie Kimball were present from Brownsville, and will leave on their return to Brownsville tomorrow morning.

Good rains are reported at Chapote and west and north west of that point on the 4th. It is now raining here, with a good prospect of a heavy down-pour.

CHEAP SUBSTITUTE

FOR COFFEE.

Beevil's Bee.

Jacob Kring, an old and well-known farmer of Papalote, is making a new departure in farming this year. His attention is being devoted to the production of a peculiar kind of bean intended to take the place of coffee. This peculiar product, which he calls the "coffee bean," grows on a stalk resembling the cotton plant in appearance. The beans grow in a large pod and look like the common "jack bean" of the eastern states. Mr. Kring procured the seed from Mexico, where, despite the cheapness of coffee, they are used in some of the districts of the republic as a substitute by the lower classes. He experimented with the product last year, and tested the value of the bean as a substitute for coffee and, found it to imitate that product so closely it would defy a connoisseur to detect the difference. Believing that its cultivation can be made profitable, especially since the price of coffee is so high, he has gone into the business more extensively this year. He has three thousand plants growing nicely, and his crop promises to be a large one. He expects to find a ready market for it from coffee grinders and packers, to mix with the genuine product.

ALL DISEASES of the blood are cured by Hood's Sarsaparilla, which by its vitalizing, enriching, and alternative effects makes only PURE BLOOD.

THE PAINS OF RHEUMATISM

According to the best authorities, originate in a morbid condition of the blood. Lactic acid, caused by the decomposition of the gelatinous and albuminous tissues, circulates with the blood and attacks the fibrous tissues, particularly in the joints, and thus causes the local manifestations of the disease. The back and shoulders are the particularly affected by rheumatism, and the joints at the knees, ankles, hips and wrists are also sometimes attacked. Thousands of people have found in Hood's Sarsaparilla a positive and permanent cure for rheumatism. It has had remarkable success in curing the most severe cases. The secret of its success lies in the fact that it attacks at once the cause of the disease by neutralizing the lactic acid and purifying the blood, as well as strengthening every function of the body.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

Eureka Chemical and Mfg Co., La Crosse, Wis.: Dear Sir:—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Cure." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every day I used to smoke fully appreciates has completely left me. I consider your "Baco-Cure" simply wonderful and can fully recommend it. Yours very truly, C. W. Hoxst.
